C-3: Child Outcomes	Child Outcome Summary Forms	Please remember to report entry and exit Child Outcome Summary (COS) ratings in MSDS. Thank you for the effort on your part toward increasing the reporting rate. The number of exit ratings reported statewide during the past few reporting periods, however, remains far below the anticipated number of exit ratings. Be sure you are reporting child outcome data for all entering children and for all exiting children who have been served for six months or longer. Service areas reporting significantly fewer ratings than anticipated may be considered for future monitoring activities. Reporting rate for COS ratings is now factored into Michigan's Determination from the federal Office of Special Education Programs (OSEP). Reporting rate for COS ratings may be factored into local service area Determinations in future years.	6/30/2017
